Request Form for Training in Japan

Please fill in this form if member(s) of your Branch request training at Dojos in Japan during the Karate Dream Festival 2018 International Championship period. If you have more than 10 applicants, please copy and/or modify this form to suit for you group.

●Branch Chief/Contact Oath

I swear that I will do my best to lead the applicant(s) so that he/she will follow Japanese law and regulations, and will take all responsibility for his/her behavior and its consequences and take care of him/her to leave Japan as scheduled. When he/she has created serious problems while staying in Japan and received an expulsion order from the authority, I will take responsibility of financial support for the applicant(s). I also swear that I fully understand the instructions below and lead the applicant(s) to follow them.

●Important Instructions

- (1) All applicants are responsible to go to the Dojo they wish to train at on their own. There have been cases in the past where students did not arrive at the promised training, or arrived at the dojo in a different situation (significantly more/less members) than earlier planned. Please be careful to avoid such cases, which may disappoint the respective Branch Chief/Contact of the dojo.
- (2) All applicants are responsible for having enough budget to cover their accommodation, meals, transportation, and any other costs which will incur during their training period. No financial support will be provided by neither the WKO Headquarters nor Dojos, both officially and personally.
- (3) All applicants should understand the meaning and purpose of their training, and have an attitude of courtesy and moderation to show respect for the Branch Chiefs/Contacts, instructors, and members at the Dojo where they will be welcomed to train together. All applicants should understand the variety of members' levels and try to maintain a harmonious training environment.
- (4) Due to the strong demand before and after the tournament, it may be difficult to meet your training request 100%, and you may be advised to train at a different branch/dojo, or split your group (if it is large) in small groups, so that training may be possible. If there is a request to use a dojo for your own use (for your own team), please consult with the WKO Office, and we may be able to work out a time frame for such training (during the morning or daytime on weekdays) at Sohonbu Dojo. Please do not negotiate such possibility with other Japanese Branch Chiefs/Contacts.

World Karate Organization Competition Rules

For the Karate Dream Festival 2018 International Championship

Judging Criteria

1. The five referees including the Main Referee shall judge the competition. However, the final decision rests with the Head Judge.
2. Since the decision should be a majority decision, in case of "IPPON", "WAZA-ARI", "HANSOKU", "JOGAI", "HANTEI", etc., the decision is valid if at least three out of the five referees support it. A decision not supported by the majority, that is less than three of the referees, or a decision supported by only Main Referee is not valid. However, any of the five referees has the right to make a protest against a decision and claim further discussions. In the discussions, a monitor (videotape-recording image) might be used as a reference.
3. Weighing by the Executive Committee shall be done for the competitors who are in the weight division categories (excluding Heavyweight) before the competition. If a competitor's weight exceeds the regulation, the competitor will be disqualified.
4. If there is a weight difference of 7 kilograms or more between the weight in the entry application and the weight checked at the weighing by the Executive Committee, the competitor will be disqualified.
5. In case a competitor cannot continue the bout due to his opponent's "YUKO WAZA (effective attack)", "HANSOKU WAZA (foul attack)" etc., the tournament doctor may give a so-called 'doctor's stop (request to stop the fight)' after consulting with the five referees or the Head Judge.
 - a) In case of "HANSOKU WAZA", the competitor who made the foul attack loses the bout. The opponent will be the winner of the bout, but will not be able to continue on to the next bout.
 - b) In case of "YUKO WAZA (effective attack)", if the opponent is so seriously damaged by the attack that he will not be able to continue on to a next bout, he will lose the bout.
6. The 1st and the 2nd places shall be decided by bouts. There will not be any 3rd place play-offs.
7. The tournament schedule is to be strictly followed, but in case of an unavoidable situation, the Executive Committee Chairman may, after consultation with the Head Judge, decide to change the tournament schedule.

Kumite Rules

1. Time of one bout: As per Appendix 1.
2. Use of Protector: As per Appendix 1 and 2.
3. Victory is awarded to the competitor who has scored one full point (IPPON) or the one who has won by decision (including 'WAZA-ARI' - half point) or the one whose opponent has been charged with a foul, or whose opponent has been disqualified.
4. The competitors shall enter the competition mat from opposite sides and stand by two lines, red and white, respectively in the center of the fighting area, taking postures of "FUDODACHI", facing the front.
Looking at them from the front (official seats), the competitor for "AKA" – Red – should stand on the left side (the one whose entry number is smaller) and the competitor for "SHIRO" – White – should be on the right side (the one whose entry number is larger).
5. The bout starts with the Main Referee's command "HAJIME" and ends with the Main Referee's command "YAME".
6. In case of any accident during the fight, the Main Referee may stop the bout.
7. When the Main Referee makes the sign of "Time", the bout shall stop for a moment, and when he makes the sign of "ZOKKOU" (continue) the bout shall start again.

IPPON-GACHI (full point victory)

The following cases will be judged as IPPON-GACHI (full point victory).

- a) A thrust (TSUKI), kick (KERI), and elbow strike (HIJI UCHI) or any other technique, excluding actions listed as fouls, which vigorously downs the opponent for three or more seconds.

- d) TSUKAMI (grappling). (For whatever reason, to grapple the opponent's dogi is not allowed, neither to clinch hands with each other.)
- e) KAKE (hooking). (To grapple or hook the opponent's neck, head, shoulders, etc.)

The following cases result in SHIKKAKU (disqualification);

- a) Failing to obey the referee's instructions during the bout.
- b) Being late for a bout or failing to appear.

Standard Actions of Referees

Requests to Referees

1. The most important thing for the referees is to respect the life of the competitors and give it the highest priority during the bout. In case of any accident during the bout, the referee shall have the ability to stay calm, and to see clearly the situation in order to take quick and appropriate actions.
2. The Referees must not be biased in judging, but must have the ability to make fair judgments.
3. The Referees must give signs and actions clearly and promptly.

KUMITE (fighting)

Opening of Bout

1. Both competitors will be called to enter the competition mat by the tournament assistant.
2. The Main Referee shall stand in the center between both competitors, and give the commands "SHOMEN NI REI" (Bow to front), "SHUSHIN NI REI" (Bow to Main Referee), "OTAGAI NI REI" (Bow to each other), and then the bout will start with his commands "KAMAETE" (Take fighting position) and "HAJIME (Start)."

During the Bout

1. The Corner Referees shall show IPPON, WAZA-ARI, HANSOKU and JOGAI by blowing the whistle and showing those judgements with flags. The Main Referee shall give the command "YAME" (stop) and instruct both competitors to go back to their initial positions, and show the judgement result both verbally and physically.
2. The signals to be given by the Corner Referees both by whistles and flags, and the judgements and actions to be given by the Main Referee are as follows:
 - a) **IPPON**
 Corner Referee – Shall raise diagonally upwards the flag with the color corresponding to the competitor who got the IPPON and at the same time blow a single long and loud blast on the whistle.
 Main Referee – Shall stop the bout by the command "YAME", state the color of the raised flags and count them, including himself in the count, state the technique that resulted in IPPON, and raise upwards his arm of the winner's side and declare "IPPON".
 - b) **WAZA-ARI**
 Corner Referee – Shall raise horizontally the flag of the competitor who took the WAZA-ARI, giving a single loud blast on the whistle strongly once.
 Main Referee – Shall stop the bout by the command "YAME", state the color of the raised flags and count them, including himself in the count, state the technique that resulted in WAZA-ARI, and raise horizontally his arm of the competitor's side who got the Waza-ari and declare "WAZA-ARI".

c) **From WAZA-ARI to IPPON**

If the competitor does not stand up within three seconds or does not regain his will to fight within three seconds;

Corner Referee – Shall change the flag position from WAZA-ARI to IPPON, and at the same time blow a single long and loud blast on the whistle.

Main Referee – Shall state “IPPON” if the majority of the referees, including himself (three or more) has made such a judgment. If less than three referees give IPPON, the judgment will remain “WAZA-ARI”.

d) **HANSOKU**

Corner Referee – Shall wave diagonally downwards the flag with the color corresponding to the competitor who made the foul, and at the same time blow several short, sharp blasts on the whistle.

Main Referee – In case of a foul being equal to “CHUI”, he shall stop the bout by giving the command “YAME”, state the color of the waved flags, count the number of flags including himself, and then he shall state the actions that resulted in HANSOKU, pointing with his forefinger at the competitor who got the CHUI and declare “CHUI ICHI.” The same action shall be taken in case of GENTEN ICHI.

(In case of directly giving GENTEN ICHI or SHIKKAKU at the first foul, the Corner Referee must consult with the Main Referees first.)

e) **TSUKAMI-AI, KAKAEKOMI (grappling and clinching each other)**

Corner Referee – Shall wave both flags diagonally downwards, and at the same time blow several short, sharp blasts on the whistle.

Main Referee – Shall stop the bout by giving the command “YAME”, separate both competitors, and start the bout again by the command “ZOKKOU” (continue). Depending on the way of grappling, both competitors may be given CHUI ICHI respectively.

f) **JOGAI (out of bounds)**

Corner Referee – Tapping the floor several times with the flag of the side of the competitor who got JOGAI, he shall blow several short, sharp blasts on the whistle.

Main Referee – He shall immediately give the command “YAME” and call “JOGAI”, and then bring back the competitors to the center of the fighting area, start the bout again with the command “ZOKKOU”.

g) **FUMEI (unclear)**

Corner Referee – Shall cross two flags in front of his face, and blow a single short sharp blast on the whistle.

Main Referee – Shall let the bout go on without any interruption.

h) **MITOMEZU (no count)**

Corner Referee – Shall Cross the two flags and wave them back and forth and blow a single long and loud blast on the whistle.

Main Referee – Depending on the situation, he may declare MITOMEZU.

i) **HANTEI-GACHI (victory by decision)**

Corner Referee – Shall raise diagonally upwards the flag with the color corresponding to the competitor who is considered to be the winner, and at the same time blow a single long, loud blast on the whistle.

Main Referee – Shall ask the Corner Referee for his decision by stating “HANTEI O TORIMASU” (take decision) and “HANTEI” (decision), declare the color of the flag of the winner, count the number of flags including himself, raise his arm diagonally upwards and declare the color of the flag of the winner.

(The numbers of flags for a draw and for the opponent shall also be counted, even though the number is not enough for a majority decision.)

j) **HIKI-WAKE (draw)**

Corner Referee – Shall cross the flags in front of his knees, and at the same time blow a single long, loud blast on the whistle.

Main Referee – Shall count the number of flags indicating a draw and cross diagonally downwards his arms in front of himself, and declare “HIKI-WAKE”. (The number of raised flags shall also be counted, even though they are not enough for a majority decision.)

k) **SHIKKAKU (disqualified)**

Corner Referee – Especially for seriously vicious fouls, the Corner Referee shall request the Main Referee for consultation.

Main Referee – Shall raise diagonally upwards his arm on the side of the competitor who has been disqualified, and then point with his finger in the direction outside the competition mat and declare “SHIKKAKU”.

3. In case the dogi of the competitor comes into disorder during the bout, the Main Referee may stop the bout, bring back the competitors to their original positions, and adjust the dogi of the competitor or have him adjust it by himself.

End of Bout

1. In case of IPPON or SHIKKAKU;

The Main Referee shall stop the bout and make both competitors face to the front and declare IPPON or SHIKKAKU, and give commands “SHOMEN NI REI” (Bow to the front), “SHUSHIN NI REI” (Bow to Main Referee), and “OTAGAI NI REI” (Bow towards each other). And then instruct the competitors to leave the competition mat.

2. In case of no IPPON nor SHIKKAKU;

The Corner Referee shall, at the same time as the signal for ending the bout, blow a single long, loud blast on the whistle.

Main Referee - Shall give the command “YAME” and stop the bout immediately, get the competitors back to their original positions, and make them face to the front, and request the Corner Referee for his decision by stating “HANTEI O TORIMASU” and “HANTEI”.

Corner Referee – When asked by the Main Referee for “HANTEI”, he shall raise diagonally upwards the flag on the side of the considered winner and at the same time blow his whistle strongly once. In case the bout being a draw, he shall cross the two flags in front of his knees and at the same time blow a single short, sharp blast on the whistle.

Main Referee – Shall declare the color of the flag on the winner’s side, count the number of raised flags including himself, and raise his arm diagonally upwards, declaring the winner if the number of flags of the same color gets the majority. (The numbers of flags for a draw and for the opponent shall also be counted.)

An example (1): “AKA (red) ICHI (1), NI (2) SAN (3), SHI (4) and GO (5)” “AKA (red)”

An example (2): “HIKIWAKE (draw) ICHI (1), NI (2), “AKA (red) ICHI (1), NI (2) and SAN (3)” “AKA (red)”

In case of a draw, the Main Referee shall count the numbers for a draw, crossing his arms diagonally downwards in his front and declare “HIKIWAKE (draw)”. And he shall proceed to an Extension.

An example: “AKA (red) ICHI (1)”, “HIKIWAKE (draw) ICHI (1), NI (2), SAN (3) and SHI (4)” “HIKIWAKE (draw)”

3. The Main Referee shall declare the winner, and give the commands “SHOMEN NI REI”, “SHUSHIN NI REI”, “OTAGAI NI REI” and instruct

the competitors to leave the competition mat.

JUDGING CRITERIA

Down below is a description of the relation between CHUI (warning) and WAZA-ARI (half-point), which of those two shall be the decisive part in different situations.

1. Judging Criteria (Chart)

* disqualification due to foul

2. Judging Criteria (Description)

① WAZA-ARI and IPPON

0 < One WAZA-ARI < IPPON (Two WAZA-ARI)

② In case there is no CHUI nor WAZA-ARI

- a) Damages shall be given the first priority in judging the winner.
- b) In case of no damage seen in the both competitors, the first priority to judging shall be given to the number of punches and the number of kicks.
- c) In case there is no difference in numbers of punches and kicks between the two competitors, the one who shows more fighting spirit will win the bout (in case of a final round where a winner has to be decided).

③ In case of one competitor having one CHUI more than the other, this does not influence the decision much. The decision shall be made mainly on the contents of the fight. However, in case of a final extension, if there is no difference in the fighting between the two competitors, the one with one CHUI will lose the bout.

$$\begin{array}{ccccccc}
 < & < & < \\
 0 & = & \text{One CHUI} & = & \text{Two CHUI} & = & \text{Three CHUI} > \text{Four CHUI} \\
 & & & & > (\text{One GENTEN}) & > & (\text{Two GENTEN})
 \end{array}$$

④ In case of a difference of two CHUI, the one who has got two more CHUI will lose. However, if he is obviously leading his opponent, it is possible to make a draw.

$$\begin{array}{ccc}
 0 & \geq & \text{Two CHUI (One GENTEN)} \\
 \text{One CHUI} & \geq & \text{Three CHUI (One GENTEN + One CHUI)}
 \end{array}$$

⑤ In case of a difference of three CHUI, the one who has got three more CHUI will lose, no matter how much he is leading the fight.

0 > Three CHUI (One GENTEN + One CHUI)

⑥ When one competitor has both WAZA-ARI and CHUI, basically the WAZA-ARI is stronger and that competitor will win. However, depending on the number of CHUI (and/or GENTEN) and contents, it may be judged like down below:

- a) 0 < WAZA-ARI + One CHUI
- b) 0 < WAZA-ARI + Two CHUI (One GENTEN)
- c) 0 ≤ WAZA-ARI + Three CHUI (One GENTEN + One CHUI)

The one holding one WAZA-ARI and three CHUI is the winner, but if his opponent is leading the fight very clearly, it is possible to give a draw.

- d) 0 > WAZA-ARI + Four CHUI (Two GENTEN)
- Even if one has one WAZA-ARI, two GENTEN will disqualify him.
